Tools: Advanced Excel (Pivot, VLOOKUP, Slicers, Timeline).

Goal: Find revenue trends, top products, and customer behavior.

2. KPIs

- Total Orders: 1000
- Total Revenue: ₹35,20,984.00
- Avg Delivery Time: 5.53 Days
- Avg Customer Spend: ₹3,520.98

3. Key Insights

A. Revenue by Months: Feb (₹7L) and Aug (₹7.2L) are peak. Feb = Valentine's Day, Aug = Raksha Bandhan. Apr-Jul is low season. Business is occasion-driven.

B. Top 5 Products: Magnam Set ₹1.22L is top, then Quia Gift ₹1.13L, Dolores Gift ₹1.06L. Insight: Combo Sets sell more than single products.

C. Revenue by Hours: Peak at 6 AM and 6 PM-8 PM. Lowest at 10 AM. Insight: Run ads in evening for better conversion.

D. Revenue by Category: Colours category ₹10L is highest, then Soft Toys ₹7.2L and Sweets ₹7L. Cake, Mugs, Plants are low. Insight: Bundle low categories with Colors.

E. Revenue by Occasions: Anniversary ₹6.7L highest (evergreen), then Raksha Bandhan ₹6.2L. Diwali is low only ₹3L - needs improvement.

F. City-wise: Imphal (29), Dhanbad (28), Kavali (27) top cities. Tier 2/3 cities have high demand. Expand logistics there.

4. Business Recommendations

1. Increase ad budget 50% in Feb and Aug
2. Keep more stock for Magnam Set & Quia Gift
3. Run Meta ads 6PM-8PM
4. Create Anniversary Special collection - year-round revenue
5. Check why Diwali sale is low
6. Strengthen delivery in Imphal, Dhanbad
7. Bundle Mugs/Plants with Colors category

5. Dashboard Features

KPI Cards, Line Chart for Monthly trend, Bar Charts for Product/Category/Occasion/City, Line chart for Hourly behavior, Slicers for Order Date, Delivery Date, Occasion.
